“ Alice Hall was grandmother to my significant other, Kemo (Bub) Hall and great-grandmother to my son Mason Hall. I knew her as Kemo’s granny or Maw. The memory I would like to share is from when I had my son. I was young and announcing a young pregnancy can elicit many responses. Alice was the first person we told after confirming our pregnancy and I will never forget her immediate joy and support for us. It was the happiest I ever saw her. I know she played a meaningful role in Kemo’s life. He has many fond memories of going to her home when he was young. She was also a wonderful great-grandmother to Mason. We regret being unable to attend the service but will keep the memory of her in our hearts. - Sara Leadingham
