“ *Allen was one of the Williams Ave. athletes that played ball on the Wade Clay school grounds. We played basketball, baseball, and football there along with some volleyball. He always had a smile on his face and was fun to have on your team. He would have been a really great high school and college athlete if only he had some size.*

I have not seen him since those school days but it is clear he led a full life and I know he will be terrible missed by both his friends and family.

Best regards,

Dr. Gerald E. Roberts, a fellow kid who grew up on Williams Avenue with Allen.

“ Never will forget the JOY of Allen singing 'Michael row the boat A-shore' over the PA system at the "Y" ! At 10 pm to remind a certain beloved member (named Michael, of course) that it was time to lock the doors and go home, a serenade would ensue! A wonderful, fun memory I won't forget!
