“ Aunt Ethel "Edie" as she was known to some,
Was always a joy and a lady. She and Uncle
Arthur lived with grandma and me the first
Year of marriage with us. So, I have some
Very special memories. One is, the time she took
Me on the train to Chapman to see her mother and dad.
I am so glad I had her in my life..I loved her very much.

“ Sweet Edie (as she was to me). Having only one sister (Judy), Mike
has been my 'brother' since he came into Judy's life. It was a
package deal: Edie and Art became part of my family.

*Edie was 'grace' and 'a lady' and 'sweet' and 'kind' and 'humble'.
Being in her presence was an absolute gift. She was a beautiful
example of what a lady, a mother, and a wife should be. Even in her
later years, Edie always exemplified grace and humility.*

I am blessed to have had her as part of my life and my family.

“What a blessing Ethel “Edie” was to me and our family! My beautiful, fun-loving aunt brought so much joy, love and laughter to each of us. I cherish my memories of her and the special relationship we shared.

Edie was very talented and thoughtful. She made pretty doll clothes which I treasured and have kept all these years. She sewed pretty dresses for me, too, and I still have the daisy pin she gave me to adorn one of them.

She loved exploring and even in adulthood was a bit of a tomboy. Once when she took me for a ride in my grandfather’s Jeep with no doors along the country back roads, a snarling dog chased us, and she just laughed and sped up. She was fearless on the Sea Doo as well.

I’m so thankful that Edie was my loving aunt and for the role model she was in her faith, kindness and love. She maintained her joy and persevered with courage even during difficult times. She will always hold a special place in my heart.

As her youngest brother, I will surely miss her. We were very close growing up as she didn't have any girls to play with so she would make me wear a dress and put lip stick on me but that only lasted one time. One of my chores as a child I had to lead our milk cow from the pasture field to the barn for milking. One day I was leading the cow down a little path downgrade and got tangled up with the rope and cow's foot was on my foot and I couldn't get her off for a while, it was really hurting and I saw Ethel standing in the barnyard laughing. I was so mad at her that I dropped the rope and started after her but I couldn't catch her as she could run faster than me. I am thankful for having her as my sister.

“ Remembering with sorrow my dear Aunt Ethel and thinking how very grateful I am for knowing such a loving person. She was a wonderful sister for my mom to have and always a light in our world. Her presence will be greatly missed. She was a great blessing for us all.

“ Edie Young, mother and mother-in-law, of our beloved friends Mike and Judy we extend our heartfelt prayers that your loss is eased knowing Edie is in the tender care of our father God Almighty. Anyone who met her quickly realized that Edie was a “gentle soul” who genuinely cared about others. The lives she touched within her family and her extended family will be realized in countless ways. May the Grace of Jesus Christ and the Holy Spirit give comfort to all who mourn.
