“ Jeannie was such a rock star. She always had fiery red hair, funky cat-eye glasses and a huge smile on her face. She was a fearless servant and this is how I will remember her. Always smiling and always happy to see me and my daughter. As I learned more about the Blessings in a Backpack Program, I was referred to Jeannie and that is how I met her and her family and all the people at Calvary. She impressed me so much by knowing exactly how many bags and how many snacks would be needed each week. She was sharp as a tack and made the program that means so much to many of our children run like a machine. Jeannie made such an impression on me and I am so grateful that I had the chance to know her.
