“ Paulas most loving words was describing her Father and his courage in fighting declining health. She liked to tell us of how much she enjoyed her Mothers company in socializing and just being with her.. She loved and was proud of her Mother ..Joann an I both looked forward to time with Paula at the beach. She had a photographic memory and full commitment to her job...Paula really loved to work with people and she did it well. We loved Paula and feel honored to have been able to claim her as a friend.

“ Alice, I am so sorry for your loss. Losing a child was a pain I could never have imagined. So unbelievable you can never get over it without our believing God has a plan. I hope you are able to cross the threshold of beginning to heal your heart soon, knowing Paula will never be forgotten.

“ Where do I begin, Paula was like a sister to me. We met back at Worthington Elementary in second grade. We shared a lot of great times, tears, and she helped me through some very hard times. My heart breaks to know that my dear, sweet friend has been called home. I know I'll see her again some day. I love you Paula and will think of you often.

Working beside her at the circuit clerks office was always a never dull moment! I will miss her tremendously! Love & Prayers PKP! As we all knew her by the stamp!*

“ *I've know Paula 35 years, my entire life and most of hers. She has been more like a cousin to me, more family than a family friend. I wish I could find the words to express how saddened I am, but words just don't do justice to how I feel. From playing board games in your bedroom when we were kids, sharing almost every Christmas together (except in the most resent years), you singing "Winnie The Pooh" to Mikey on his 1st birthday, being my "guinea pig" while I was in beauty school and letting me fix your hair and makeup weekly for years in early 2000s...venting to each other about whatever...I could go on and on...but that wont bring you back. I just hope you know that all the times we've shared are now very precious memories for me that I'll hold dear until I see you again.*

In the famous words of James Taylor - "I've seen fire and I've seen rain. I've seen sunny days that I thought would never end. I've seen lonely times when I could not find a friend, but I always thought that I'd see you again." So until I do see you again I hope you know how much you will be missed, how much you meant to me and how much you were loved.
